

Brian C. Sapp, RVT, RPhS

Skills and Qualifications

- Philips ISITE PACS Administrator for PAPP Clinic/Piedmont Medical Care Corporation. Responsible for all day to day operations of PACS equipment including image workflow, archiving, auto routing, and prefetching and other related activities. Works closely with senior management in the development of operating standards, policies and procedures.
- Technical Director of IAC Accredited Vascular Laboratory – Created IAC protocols and procedures for vascular lab. Routinely performed quality assurance and oversight of vascular testing outlined by the IAC.
- Vascular consulting for hospitals, clinics and private practice on every aspect of the vascular lab including testing, protocols, procedures, marketing and training of staff.
- Extensive experience performing vascular ultrasound and other non-invasive testing in both outpatient and inpatient settings. Perform every vascular test in an IAC accredited facility as well as other more specialized vascular exams.
- Created multiple websites for a dedicated vein practice. In charge of onsite SEO, social marketing and client interaction through media and blogs.
- Extensive experience in capital equipment purchasing, negotiating and understanding of utilization in the vascular lab/vein practice setting.
- Excellent communication and leadership skills including but not limited to: training, initiating changes in protocols and procedures, quality assurance, and being a liaison between the vascular practices and the various hospitals they serve.
- Experienced in performing intraoperative ultrasound guidance for endovenous ablation of the saphenous vein, perforating veins and treatment of varicosities of the lower extremity.

Education

University Of Denton, Denton, Texas
B.S. Health Science

Ultrasound Diagnostic School, Atlanta, Georgia General Diagnostic Ultrasound

July 1995-August 1996 – Certificate
Ultrasound Diagnostic School, Atlanta, Georgia Cardiovascular Science August 1996-October 1997 - Certificate

State University of West Georgia, Carrollton, Georgia
Sanford University, Birmingham, Alabama

Work Experience

Truffles Vein Specialists November 2015 – Present Partner and Technical Director Vascular Lab

Vein Specialists – Fort Myers July 2015-Present

Technical Director Vascular Laboratory

PAPP Clinic/Piedmont Healthcare, Newnan, Georgia September 2004-November 2015

ISITE PACS Administrator 2010-2014

Clinical Consultant Application Specialist

Registered Vascular Solutions, Newnan Georgia

March 2006 – Present

President - Vascular Education Consultant

Harbin Clinic, LLC, Rome, Georgia

October 1997-July 2001, March 2002-June 2004

Staff Vascular Technologist

15+ years of experience in didactic and hands-on education in all areas of vascular ultrasound. Performance of over 130 clinical education classes in the continental United States.

Speaking Engagements and Training Experience Sapp, Brian. “Vascular Ultrasound”

SLMAS Day Symposium April 14th, 2014

Sapp, Brian “Patterns and Distribution of Thrombus of the Lower Extremity”. D.E. Strandness, MD, Scientific and Oral Clinical Scientific Papers session. 2014 SVU National Conference August 6th-9th, 2014, Lake Buena Vista, FL.

“Venous Insufficiency Testing Society for Vascular Ultrasound Webinar Series 2014

“Arterial Physiologic Testing More Than ABI’s” Society for Vascular Ultrasound Webinar Series 2016

“Diagnosing Venous Compression and Congestion Through Lower Extremity Indicators” Society for Vascular Ultrasound Webinar Series 2017

2015 North Carolina Ultrasound Society Spring Symposium – 4 lectures on Vascular Ultrasound

May 2017 RVT Review Course Instructor – Society for Vascular Ultrasound Atlanta, Georgia November

2017 WSUP Wisconsin Society of Ultrasound Professionals 4 Vascular Topics

October 2017 RVT Review Course Instructor – Society for Vascular Ultrasound Baltimore, Maryland

2018 SVU National Conference - Endothelial Heat Induced Thrombus - The Role of the Post Ablation Ultrasound

2018 SDMS National Conference - - Post Ablation Ultrasound: What is it and What are We Looking for? Diagnosing Venous Compression and Congestion

2018 WSUP Conference - Vascular Track

SCSVU - Iliac Vein Compression and Pelvic Congestion : Role of the Lower Extremity Venous Exam

2018 - AVID Symposium - Deep Vein Thrombosis Expert Panel - Social Media and Healthcare

2019 - Created and Teaching Philips Healthcare VASC 340 Advanced Vein Class (six lecture topics) at Seven Locations including: Virginia Beach, Houston, Lake Tahoe, Maui, New Orleans, Phoenix and Chicago.

2019 - Finalist for the Eugene Strandness Scientific Award - SVU National Convention, Pelvic Vein Pathology and Live Iliac and Pelvic Vein Imaging, Social Media and Healthcare

2019 WSUP Conference - 4 Vascular Talks

2019 SDMS - Iliac Vein Compression Live Scanning and Venous Waveform and Pathology

2020 Philips VASC 340 Advanced Vein Class (six lecture topics) at 11 Locations including: Palm Coast , Florida, Charleston, South Carolina, Virginia Beach, New York, NY (2), Naples, Florida, Hilton Head, South Carolina, Lake Tahoe, Scottsdale, Maui, and Milwaukee, Wisconsin.

Honors and Awards

Harbin Star D.E. Strandness, MD, Scientific Award for Vascular Research 2014

Created and Lecturer of the VASC340 course for Philips Ultrasound : Venous Insufficiency: Ultrasound Diagnosis and Disease Management

Volunteer Board Member – Georgia Ovarian Cancer Alliance 2015-Present

Chair of the E-Learning Committee – Society for Vascular Ultrasound 2015-2017

Professional Guidelines Committee Member – Society for Vascular Ultrasound 2017 - Present

Ultrasound Credentials and Membership

Registered RVT Registered RPhS
